DOCKET NO. 94-315-C - ORDER NO. 94-1290 ✓
DECEMBER 21, 1994

IN RE: Application of Global Telemedia, Inc.)
 (formerly Global Wats One, Inc.) for a) ORDER
 Certificate of Public Convenience and) APPROVING
 Necessity to operate as a reseller of) CERTIFICATE
 intrastate telecommunications services)
 within the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of the Application of Global Telemedia, Inc. (previously known as Global Wats One, Inc. and hereafter referred to as GTI or the Company) requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of telecommunications services in the State of South Carolina. GTI's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1992) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed the Company to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of the Company's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceedings. The Company complied with this instruction and provided the Commission

with proof of publication of the Notice of Filing. A Petition to Intervene was filed by the Consumer Advocate for the State of South Carolina (the Consumer Advocate). Subsequently, the Consumer Advocate informed the Commission that it was satisfied that GTI's offering was consistent with other resellers approved by the Commission and that the Consumer Advocate would not participate in the scheduled hearing in this Docket.

A public hearing was commenced on December 14, 1994, at 11:30 A.M., in the Commission's hearing room. The Honorable Rudolph Mitchell, Chairman, presided. James Freeman, Esquire, appeared on behalf of GTI. Florence P. Belser, Staff Counsel, represented the Commission Staff.

In support of its Application, GTI presented the testimony of Roderick A. McClain, President and Chief Executive Officer of GTI. Mr. McClain explained GTI's request for authority to provide interexchange telecommunications services in South Carolina as a non-facilities based reseller. Mr. McClain explained the Company's services, billing, customer services, and marketing procedures. Mr. McClain also discussed GTI's debit card offering.

According to Mr. McClain, GTI possesses the technical, financial, and managerial abilities to provide its services in South Carolina. Mr. McClain also testified that GTI would make certain corrections to its tariff to comply with the rules and regulations of this Commission.

After full consideration of the applicable law, the Company's Amended Application, and the evidence presented at the hearing,

the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. GTI is incorporated under the laws of the State of Georgia, and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. GTI operates as a non-facilities based reseller of interexchange services and wishes to do so in South Carolina.

3. GTI has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to GTI to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for GTI for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order

No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. GTI shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. GTI shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of GTI's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1992).

4. GTI shall file its revised tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the Commission's Rules and Regulations. Further, the tariff shall be filed in a loose-leaf binder.

5. GTI is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to GTI's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if they so desire.

7. GTI shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If GTI changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the completion of any intraLATA calls, GTI shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. With regard to GTI's calling card (debit card), the Commission shall require GTI to post a bond prior to receiving certification. Due to the nature of the service proposed by GTI where a subscriber must pay for services before the services are rendered, this Commission believes that a bond is necessary for the protection of the subscribers in South Carolina until such time as the Company has operated in this State and has had the opportunity to demonstrate its stability. Therefore, the Commission requires as a condition to the granting of a Certificate of Public Convenience and Necessity to operate as a reseller of telecommunications services that GTI post a bond with the Commission by delivering to the Commission Certificates of Deposit, in the amount of Five Thousand (\$5000.00) Dollars, and drawn in the name of the Public Service Commission of South Carolina. The Certificates of Deposit shall be drawn on federal

or state chartered banks or savings and loan associations which maintain an office in this State and whose accounts are insured by either the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation. After twelve (12) months from the date of this Order, the Commission will review the Company's financial reports and operations in this State and will reassess the requirement of GTI maintaining a bond.

10. GTI shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

11. That this Order shall remain in full force and effect until further Order of the Commission.
